

# Psi Beta Alumni Status and Ambassador Invitation Form

This questionnaire has dual purposes. First, your former community college psychology professors want to know how you are doing and learn about your academic and career progress. We care about you and want to stay in contact. So the first few questions will help us learn more about your present status.

This questionnaire's second purpose is to see if you might be interested in participating in our newly formed Alumni Ambassador program. There are different ways in which you can serve as an Alumni Ambassador - this is explained below.

Psi Beta alumni - because of their experiences, achievements, and unique perspectives - can be of great value to currently active members and their Psi Beta home chapter. The primary question is: Are there ways in which you may be willing to help our current chapter by volunteering to serve as a Psi Beta Alumni Ambassador? If so, your service as an Ambassador will not be a large time commitment. Even if you've moved away, there may be ways in which you can assist through email or by subscribing to the Ambassador listserv.

As an Alumni Ambassador you can help your Psi Beta chapter continue to transform students' lives. Your Ambassador service can also be included on your CV and résumé.

Please note that starting today (April 10, 2018) the IVC chapter is pilot testing the Alumni Ambassador program for all of Psi Beta. So if you become an Ambassador, we will be open to your ideas and suggestions for ways to improve the program. Thank you in advance for completing and submitting this questionnaire. If you have any questions, please email me at [jrudmann@ivc.edu](mailto:jrudmann@ivc.edu) or [jerryrudmann@gmail.com](mailto:jerryrudmann@gmail.com). I look forward to hearing from you. We miss you!

Respectfully,  
Jerry Rudmann  
Psi Beta Co-Advisor  
Executive Director
